The Deputy Commissioner of Internal Revenue, in reply to a question propounded by CHARLES F. SHEFFER, ssor of the 12th District, says, "that an Assistant Assessor should assess the penalty of fifty per cent in all cases of neglect to make return of into sickness, or absence from home." SPOTTED PEVER

have seen it stated that this terrible disease is caused by the use of Rye Coffee, and other deleterious compounds put up and sold either as a substi- lars. tute or as the genuine article. The matter should be looked into.

Correction.-Last week we were hurried off to the CongressionaloCnvention before reading the proof of our editorial matter, consequently some provoking errors occurred in our last issue. We suppose our readers corrected the bad grammar as they read, and are aware that "Mr. de Tocquerville," should have been "M. de Tocqueville."

Isaac Levy has attached to his Clothing Store a Tailoring Shop and is now prepared to make Clothing to order on short notice. He has on hand a very large stock of piece goods from which to select. Call and examine his goods. His advertisement will appear next week.

WM. CURTIS, Esq. of Pickerington, subscribes for two papers to send to the soldiers. He will accept their thanks. Who will do likewise?

Repayment of Bounty Fund. The attention of all persons who subscribed to the Bounty Fund is invited to the notice of the Auditor of To Thos. DRAKE. State and of the County Auditor published elsewhere.

Subscribers should present their claims to the City Council or the Township Trustees before the first Monday in June, as all claims are required by the law to be indorsed and filed with the county Auditor on or before that day.

\$10 Reward.

I will pay Ten Dollars to any person who will give me information which will lead to the CERTAIN detecplanted on the grave of my son. Any one having any knowledge or suspi-cion of the guilty wretch, will please call on me, at the residence of my father, Hon. T. Ewing. ELLEN E. SHERMAN.

These Bends are issued under the Act of Congress of March 8th, 1804, which provides that all Bonds issued under this Act shall be EXEMPT PROM TAXA-TION by or under any State or municipal authority States notes or notes of National Banks. They are TO BE REDEEMED IN COIN, at the pleasure of the Government, at any period, not less than fen normore than forty years from their date; and until their redemption FIVE PER CENT. INTEREST WILL BE PAID IN COIN, on Bonds of not over one hundred dollars annually, and on all other Bonds semi-annually. The interest is payable on the first days of March and September in each year.

Subscribers will receive either Registered or Coupon Bonds, as they may prefer. Registered Bonds are recorded on the books of the U.S. Treasurer, and can be transferred only on the owner's order. Cou-pon Bonds are payable to bearer, and are more convenient for commercial uses.

Subscribers to this loan will have the option of hav-

These Bonds may be subscribed for in sums from 350 up to any magnitude, on the same terms, and are thus made equally available to the smallest lender and the largest espitalist. They can be converted into money at any moment, and the holder will have the benefit of the interest.

It may be useful to state in this connection that the total Funded Debt of the United States on which m terest is payable in gold, on the 3d day of March 1864 was \$788,965,000. The interest on this debt for the oming fiscal year will be \$45,937,128, while the cusne revenue in gold for the current fiscal year, ending June 30th, 1864, has been so far at the rate of ever \$100,000,000 per annum.

It will be seen that even the present gold revenue of the Government are largely in excess of the want of the Treasury for the payment of gold interest, while the recent increase of the tariff will Subtless raise the annual receipts from customs on the same mount of importations, to \$160,000,000 per annum.
